### Out of the Red

The Hancock County Blood Bank is out of the red and we mean blood red. Two hundred and forty-three persons turned up to give blood, 208 gave it, a few were unable to give because of colds or similar reasons and about 20 had to be turned away because of a lack of any more properly sized containers used in the drawing.

Undoubtedly many factors contributed to this more than doubling in the amount of blood given at drawings over the past two years or so. For instance we understand that the 100 per cent of our National Guard attending last night's meeting volunteered as did all the local employees of Coast Electric and the eligible members of St. Augustine Seminary's staff.

Another factor we think helped was the mailing out of over 600 letters to past recipients of blood and possible donors. This real task was done on short notice by Mrs. Nelia Rhodes, Mrs. Edward D. Murtagh, Mrs. John D. Rutherford Jr. and Mrs. Henry Prevost. Our hats are off to these ladies as well as to the others, such as Mr. John D. Rutherford Jr., Lucien Kidd and blood bank chairman, Dr. R. L. McKinley Jr., who worked so hard to make this drawing a success. They did.

### Why Object?

This editor is not real sure what the board of supervisors was driving at in its questioning of the JPs and constables. This, in part at least, is due to the editor's failure to be fully informed on the technical aspects of the problem.

In any event, what may have started as a political football, now seems certain to have developed into one and, somehow or other, this paper by reporting what occurred at earlier meetings was criticized at Monday's meeting as its news story in today's issue will show.

To begin with, no newspaper makes the news. It reports it. This paper has no complaint at the way Sheriff Gerald Price, Jr., conducts his office. In fact, taking into consideration local customs and laws with some of which we disagree, we think Sheriff Price is doing a better than satisfactory job.

With Sheriff Price's criticism of the Echo for what he termed adverse publicity we do take exception. The sheriff stated that a "Gulfport" paper never published such things. With that we disagree, although willing to admit that it does seem to us that no "Gulfport" paper makes the equivalent and expensive effort to cover public bodies that we do. To that extent we take Mr. Price's comment as a compliment.

This paper believes that the public should be told what occurs at meetings of bodies that spend the public's money. It also thinks that the most accurate, as well as effective way, is through a newspaper covering such meetings. On the Gulf Coast of Mississippi we can point to at least two other newspapers that are of the same belief and try to give the public the information to which we think they are entitled: the Pass Christian Taron Beacon and the Pascagoula Chronicle-Star.

Officials who do not approve of this newspaper policy always leave themselves open to suspicion. What do they want to hide?

### The Verb

Since the Echo's use of the word "summoned" in last week's issue has been questioned before the board of supervisors we would like to quote the primary definition of the word as contained in the 1954 edition of Webster's dictionary. The first definition given for the verb "summon" is: "To issue a call to convene; to convocate". Our and the board's use of the word could not have been more accurate.

This is fire prevention week. Normally we dislike these "weeks", but feel our readers could profit by seeing that their homes and places of business have no unnecessary fire hazards. Also, it wouldn't hurt to check with your insurance agent for advice and also to see if you are properly covered by fire insurance.

At an otherwise enjoyable dinner Saturday this editor found himself outvoted approximately 5 to 1 in a straw ballot by those who plan on voting for Vice President Richard Nixon. From the voluminous mail we receive from the state Republican organization it has been obvious the Republicans were putting out great effort to pull up their candidate, and Hon. Mr. Nixon himself made a major speech at Jackson.

But man, this is not only Mississippi, it is SOUTH Mississippi. The Democrats better get on the ball.

A major New Orleans grocer in his ad this week complained at the conduct of young children whose parents let them wander without supervision around the store: caused goods mixed up, frozen foods taken out of the freezer space and replaced by apples or other produce he ruined. A local grocer recently found a hole, apparently made by a kid's finger, in the top of almost container of one brand of ice cream.

### Letters to the Editor • • •

#### Editor, Sea Coast Echo:

As a public health engineer for the La. State Board of Health and as a resident of Bay St. Louis I am doubly concerned and doubly interested in the proposed water works and sewerage project.

But first, let me say that the views expressed herein are not the views of my employer but my own.

Naturally I am totally in favor of the proposed projects, especially the sewerage system. I think the Bay has been lucky not to have had an epidemic of coliform caused diseases. Because we have been lucky in the past is no reason to be confident that such an epidemic won't happen in the near future. Now definitely is the time to stop living in the past and do something to bring Bay St. Louis up to the American standards of sanitation.

If the citizens of Bay St. Louis were offered a medical plan (let's call it the Gold Cross Plan) for a few cents or dollars a month that would guarantee freedom from sewerage-borne sicknesses or diseases, I'm sure they would all subscribe to it wholeheartedly. Why not then consider the new public works project as a preventive medicine plan and call it any colored-cross plan you desire. For a very small sum you can protect the health of your family and at the same time improve the tourist potential of the Bay of St. Louis.

While I am totally in favor of the overall public works projects I do not agree with two of the methods mentioned for financing the projects.

1. I doubt very seriously if the people in the two districts to be excluded from the first phase will vote for an issue that will not show them any apparent benefit for many years. Regardless of the methods decided upon to raise the needed funds, the entire system should be completed at the same time. Very often in multi-phased projects there is a time lag and many delays and the last phases never get finished.

As far as doing the central district first because "it has the business area and schools", I might say that I agree with including the schools first but the business district would be the area least needing the sewerage system (you can count the number of restrooms in the business district on one hand).

2. Special assessment. If there is to be a special assessment, why have it on the basis of property frontage? Take two pieces of property, both with 100' frontage. One piece has a \$50,000 house with 3 bathrooms, garage disposal, etc., etc., and the other property has a \$1,500 shack with one bath, is it fair that both should pay \$312? (3.12)

Goes to State Fair

## Sylvester Moran Wins Forestry Meet

**BY JEANIE LING**  
Sylvester S. Moran of Kiln will be in Jackson today for the State Fair and several other events as the Hancock County winner of the Sears Roebuck Five Acre Forestry Contest.

Marion Parker, area forester, said Moran was notified Tuesday that he won the contest, sponsored jointly by the Sears Roebuck Foundation and the Mississippi Forestry Association.

As the winner he receives a two-day expense paid trip to the state capital. Along with winners from each of the counties he will participate in the forestry and forestry products parade, tour various forestry industries, and attend the crowning of the Mississippi Forestry Queen at the governor's mansion.

Roland Weston, member of the Mississippi Forest Commission, will accompany Moran and Parker to Jackson.

Basketball officers are e  
manger, Sue Breath; assistant manager, Caroline McCallister; secretary and publicity manager, Jean Gaert; statistician, Judy Brun; time keeper is Alice Poehl; scorekeeper, Irene Bethke.

Girls trying out for the team are Margo Jacobi, Judy Favre, Mary Joe Krieger, Dianne Griffith, Lynn Artigues, Yvonne Arneson, Cassie Rhodes, Faye Lee, Pet Kelly, Bonita French, Pepper Morrison, Mary Virginia Morrison, Mitzl Blanche, Judy Orkin, Shellie Sturdivant, Vicki Margate, Karen Labrano, Debbie Balladours, Margaret Foster, Allison Treilles, Sylvia Smith, Elaine Miller, Susan Hodges, Helene Le Fontaine, Willis Guest and Louise Buffkin.

Several hundred people are expected to visit Bay St. Louis Monday and Tuesday when First Baptist Church is host at the 83rd annual meeting of the Gulf Coast Baptist Association.

About 12,000 members are represented by this group of 43 Baptist churches and missions. Reports of their work plus those of denominational activity and challenges of the new church year will comprise part of the program.

Election of officers will be conducted Monday followed by the annual sermon. This year the Rev. P. S. Dodge, longtime Gulfport pastor, will deliver the main address.

The Waveland Baptist chapel will be accepted into the association as an independent unit on an equal status with all churches in the group. The volunteer cooperation by this newly constituted church demonstrates the ties of church within the association, Dr. Franklin Atkinson, local pastor, said.

"Interested individuals, Baptist and other faiths, are extended a sincere invitation to attend any of these sessions," he added. Theme for the meeting is Christ and World Crises.

### Concert Date Set

Chris Barber and his band from London, England, are being brought back by popular demand for the 12th annual jazz concert at 8:30 p.m. Sunday, Oct. 23, in Municipal Auditorium, New Orleans. All music on the program will be played in the traditional style of New Orleans jazz.

Riding Juniors class, children 12 and under: first, Cathy McSweeney; 13 to 18, second, James Watson; senior division, second, Rip Kennedy.

Ladies western horsemanship, 18 and over: first, Betty Younger.

Colts under halter, quarter horses: third, David Kark Sheland class: second, Nancy Davis.

Horsemanship, registered quarter horses, western division, children eight and under: second, Nancy Davis; nine to 12 second, Cathy McSweeney.

Matched pairs: second, Ellen Allison and James Watson; fourth, Pat Bellais and David Karl.

Horsemanship, gaited division, children 13 to 18: fourth, Pat Bellais.

Parade class with silver equipment: first, Betty Younger. Betty Younger, co-proprietor of the Stables, and the other contestants, were accompanied to the fair by Mrs. Bill Cook, mother of Cathy McSweeney, Bob Karl, W. G. Hinton and Mr. and Mrs. Frank Davis.

### Legionnaires Leave For National Meet

Local American Legionnaires will leave this weekend to attend the national convention in Miami, Fla., during which Gayle Parker of Old Spanish Trail, 1960 De-p Sea Rodeo queen, will ride with other coast beauties in the leading parade float.

Making the trip will be Mr. and Mrs. R. J. Reintke, Mr. and Mrs. John Rutherford Jr. and Al Summy.

(Cont. from Page 1.) and had not been questioned citing several specific instances. In answer to the question of five riding deputies instead of two as in some previous terms he pointed out the men were necessary to summon jurors including a special venire. He offered his cooperation in cutting expenses, suggesting that certain men be removed from the jury box who were old and deaf who had been repeatedly summoned and excused each time but received per diem and transportation money.

He also criticized the Advocate and Echo for adverse publicity, adding that a Gulfport newspaper never published such things.

Clerk Claiborne J. Ladner furnished the board with a list of arrests that resulted in more than one trial and duplicate or triplicate fees for arresting and justice of the peace officers which will be held for future reference of the board, Hubbard said. He added that board members were responsible for taxpayers' money and suggested in the future the board not allow claims that were questionable.

Bear One Constable Harlan G. Dean pointed out that he earned in about \$500 a month which went into the general fund but that he needed a radio as himself and that if a tree fell across the telephone wires he would be without any communication.

Regarding Price's suggestion that names of men who were old and deaf be removed from the jury box, Hubbard said they had no way of knowing a man's age when his name was drawn.

Price added that regarding the number of riding deputies necessary in a court term, sometimes more than 100 men had to be summoned for special jury duty which often meant travelling roads that were virtually impassable to serve the summons, then later in the week the judge would call for a regular jury which caused the deputies to re-travel the same roads.

Hubbard said he had wanted to discuss the matter because another member of the board had pointed out that at one time only two deputies served during a term of court at a cost of \$90.

As to the cost of feeding prisoners, Price said he was getting prisoners from all angles including Waveland, Bay St. Louis, Highway Patrol in addition to county arrests and that the present administration was operating with one mill less than previous administrations which reduced the general fund by about \$10,000 he said. "I am working hard, not against you," he said.

time. The motion passed and it was also pointed out that proceeds from the meters had dropped about 25 to 30 percent in September due in part to those ladies, Donna and Edie, and the resulting lack of paying traffic.

It was reported that the revised subdivision plan should be in council's hands sometime this week, according to Robert S. Bateman, planning consultant. After a recess to enable all members to examine them, bills in the amount of \$7,085.20 were approved. This includes bills paid by the gas and water divisions.

Price added that regarding the number of riding deputies necessary in a court term, sometimes more than 100 men had to be summoned for special jury duty which often meant travelling roads that were virtually impassable to serve the summons, then later in the week the judge would call for a regular jury which caused the deputies to re-travel the same roads.

### Baptist Chapel

### In Waveland to

### Become Church

Waveland Baptist Chapel, organized as a mission in 1952, will get full church status at ceremonies Sunday afternoon.

Services constituting the chapel into a fully organized Southern Baptist church will be at 2:30 p.m. with the Rev. Hugh Martin, pastor of Gulfport Heights Baptist Church, bringing the dedicatory message.

The congregation, for which the Rev. Jack Huguen is pastor, now numbers 122 members.

Krebschmann said his current problem before getting into the order is providing additional freezer space. He said he will need facilities twice the size of his present building on U. S. 90.

Production on the order probably will not start until November, he said, adding that initially he will need 30 employees. As the operation gets into full operation the payroll will be in excess of \$100,000 a year, Krebschmann said.

AT LIBRARY DEDICATION - Miss Louise Crawford, center, poses beneath the portrait of herself which hangs in the new youth room named in her honor at City-County Memorial Library which was dedicated last week. At left is Mrs. Dan McCulloch, board chairman, and Mrs. James M. Robert, right, speaker for the occasion.

### Named for Miss Crawford

## Library Dedicates Youth Room

The Louise Crawford Room was dedicated at City-County Memorial Library last Thursday in honor of the founding librarian. Miss Crawford was cited as one of Hancock County's "most beloved and distinguished citizens" by Mrs. James Robert of Waveland, dedication speaker and former president of the library board.

Mrs. Robert pointed out that through Miss Crawford and her efforts the city and county has a "library of which we are justly proud." She recalled that the librarian started with 200 books and \$12 a month 24 years ago.

Miss Crawford in turn thanked Mrs. Robert and observed she could have accomplished little without the help of many other people. She noted that with the encouragement of the R. Charles Johnson she put on

### Beta Rho Unit Plans Sale of Fruit Cakes

Sale of nationally known fruitcakes before Thanksgiving and Christmas was approved as a fund raising project by Beta Rho chapter, Beta Sigma Phi sorority, when it met Tuesday evening at the home of Mrs. Ben Hille Jr.

Date for the preferential tea for members and rushees was changed to Oct. 25 from 3 to 5 p.m. at the home of Mrs. E. P. Larroux, sponsor.

B. G. Garrison, program consultant for the tuberculosis drive, briefed the chapter on TB and outlined duties for the coming campaign. Beta Rho hopes to exceed the all-time high raised in the county which was \$708.30

Mr. Garrison explained that 50 to 60 per cent of the collections stay in the county and go for transportation of patients to the sanitarium at Magee, medicine, x-rays and pajamas for those needing them. He stressed the importance of having x-rays at least once a year.

The next meeting will be Nov. 8 with Mrs. E. V. Almes.

### Beta Club Inducts 17 New Members at P-TA Meeting

Seventeen new members were inducted by the Beta Club of Bay High School at ceremonies held during the Bay Central Parent-Teacher Assn. meeting Tuesday night in the school auditorium. The group included Judy Berns, Kees Brumeyer, Ann Bryant, Jo P. Compreta, Kay Dorich, Karen Lewis, Gloria Lombardo, Leslie Pepperdene, Richard Schaefer, Vidalia Schulz, Harry Shannck, Leslie Stevens, Gail Stewart, Linda Taylor, Christy Torgersen, Penny Sue Webre and Billy White.

Miss W. M. Clark, president, presided over the meeting and Mrs. J. W. Clark led the prayer. The budget and finance committee presented the budget for the coming year.

Names of room chairman were presented by general chairman Mrs. E. J. Stephens.

Joe McCullough, superintendent of schools, announced satisfaction with the recent parent-teacher conferences.

Plans were formulated for the annual Halloween benefit at the S. J. Ingram School and a dance.

Miss Crawford announced a \$5 cash award for the first place in the 100 percent P-TA competition. Trophy, Mrs. Stephens, was given to members

of Finance Warren Traub, representing Commission Council. Mrs. McCulloch thanked Mrs. Lloyd Griffith for the portrait of Miss Crawford that she made and gave to the library. She also thanked Mrs. Wilson for the poster hanging in the new Crawford Room to be replaced with a plaque.

Miss Crawford added that the acquisition of the building enabled her to accept the valuable collection of books given by Ruth Knowles. She said she is proud to be able to turn her work over to Mrs. Katherine I. Wilson, present librarian, and Mary Isom, assistant librarian.

Mrs. Don McCulloch, president of the library board, introduced City Commissioner

### Coast Municipal Meet

## The Stars And Stripes

With the admission of Hawaii and Alaska to the Federal Union, two new white stars appeared in the field of blue of our national standard that embodies the constellation of states.

When Old Glory was first adopted by the Continental Congress, June 14, 1777, it had thirteen stars and thirteen stripes. Among the oldest of the national flags of the world, it was flown by Captain Paul Jones on the RANGER, and received its first foreign salute in Quiberon Bay, France, February 14, 1778.

When Vermont and Kentucky were admitted to the Union, Congress provided that the flag show fifteen stripes and fifteen stars. The War of 1812 inspired the words of the immortal "Star-Spangled Banner."

In the territorial expansion of the Republic, the evolution of the Stars and Stripes symbolizes the dramatic story of the building of the Republic. In 1818, President Monroe signed a bill providing that one star be added on the admission of every new state. Arizona became the 48th state in 1912. In 1916, President Woodrow Wilson established by executive order the flag's proportions.

Unlike the single red star in the flag of the Soviet, each of the States of the Union is separately represented in the firmament of Old Glory, all protecting each, and each protecting all. Symbolic of the rights of the respective States of the Union, emblematic of the independence of the Republic for which it stands, every school child should know its glorious history and every patriot understand its full meaning. In its presence, all citizens should pledge allegiance to it willingly, freely and without reservations. Only as we revere the Stars and Stripes will it command and deserve the respect of the peoples of the world.

best usage in flag etiquette is set forth in the Flag Code adopted as a result of the National Flag Conference, convened by the American Legion at Washington, in Continental Memorial Hall of the D.A.R. in 1924. Under this code, the flag should be flown only from sunrise to sunset on buildings and at flagstaffs in the open. When the flag passes in review all persons should stand at attention and face it, holding headdress on the left side, women to place the right hand over the heart. The flag should be respected for all it represents as the hallowed symbol of the Republic.

## Shoulda Gone Fishin'

By EDDIE ENGELOHORN

Speckled trout are abundant in the marshes and some real big catches were made over the weekend. Unfavorable winds slowed things up somewhat in the bayses close to the sound but fair activity was reported up the Jordan and Wolf Rivers.

In the marshes catches of from 150 to as much as 300 pounds of trout were brought in and the happy anglers say the species will hit anything but old timers using long cane poles and live bait came in with the biggest hauls.

Fresh water fishing was fair Saturday and Sunday and picked up quite a bit Monday and Tuesday, low afternoon tides favoring the black bass baiters. It's still early for squirrel hunters but some good bags were taken by the younger set.

### Nolan Gets Nod

Appointment of Nolan Walker as county game warden to succeed Randolph Bourgeois who succumbed from a heart attack was announced Monday by John P. Camp Jr., executive director of the Game and Fish Commission. A former justice of the peace, Nolan should be well suited for the job which, according to Outdoors Mississippi, calls for a man who has "intense fervor for his work, be functionally conscientious, indifferent to hours, physical discomforts, poor pay and public abuse. He is not just a woods cop, although he must to a crusty mountain man with the climbing ability of a city dweller as well as a master craftsman in the woods. No man has the time to deliberate during the most important... are judgments and decisions a split-second decisions to follow through and to consequences, to do what is best for the woods without thought of personal safety." Nolan will make a job.

Billy Clegg reports that Wilson and Alton Stewart got their squares over the weekend crossing the highway. Port's last night? Billy and Wilson got their squares off the bridge Sunday. Crossing the railroad tracks, no checks.

Harold Baker got a load of propane on the Bay St. Louis municipal pier. Wonder if he used propane for heat.

Fishing was good in Bayou LeCure during the weekend Leroy Luke reports - he and Albert Gross caught a mess of green trout and perch on grass strings.

### Bustle at the Bowling Alley

We went to take a picture of workmen installing alleys in the Bay Bowling Center Tuesday and were surprised at the amount of activity taking place. Looked like half the population of Bay St. Louis was busy doing something, one crew of about 20 men were swinging hammers and other tools inside the building while a crew was busy blacktopping the parking area in front, another crew working in the rear and another on the roof.

Attorney Joe Beavenuti representing partners John Monti and Howard Carver says he pleads guilty to catching a boatload of trout Sunday out front. Best catch he ever made, Joe says, but they ran out of bait.

Ed Hawkins, Herbert Peterson and Clarence Herbig caught 300 nice trout Sunday.

### On the Pigskin Front

A real grueling football game was Bay High's homecoming with Long Beach which was just what everyone expected. An overflow crowd cheered their favorites and while the lads played hard and rough the game was noticeably clean with good sportsmanship prevailing. Bay High had things their own way in the first half but the pendulum swung the other way in the second and only some real rugged defensive play kept the Bearcats from tying the score. We missed getting pictures of the homecoming activities only because it was our understanding that they would take place during halftime but were held before the game instead.

This week will be St. Stanislaus' homecoming and football fans can look forward to another thriller Sunday afternoon when the Rock-A-Chaws square off with Notre Dame of Biloxi. The Rebels are rated one of the top teams in the area in all classes but the Rocks will be out to show the home folks they can do it. This should be another classic.

Followers of J. E. Loiacano and Bill Watts, former Stanislaus and Bay High fullbacks who are now playing with Pearl River Junior College may be interested to know that the squad moved into a three-way tie for top slot in Mississippi's Junior College Football Conference beating Holmes 20-14 Saturday night.

An honorable mention is due Teddy Moret who announces the Bay High games. Teddy's fine professional work on the PA system is responsible for much of the excitement and atmosphere at the games and we believe he is a great deal responsible for the packed stands each week.

Some people thought the Pirates had the series in the bag needing

### Gail Stewart Heads Bay High 4-H Club

Gail Stewart was elected president of the Bay High ninth and 10th grade 4-H Club during its second meeting Monday.

Also elected were Dianne Dickson, vice president; Kathleen Smith, secretary; Carol Smith, reporter; Jeralyn Jones and Maria Peterson, recreation leaders. Fifty girls attended the meeting.

## Bowling Official To Visit Wednesday

Preparatory to the opening of the Bay Bowling Center next Thursday, Dominic Lepere, secretary of the Gulf Coast American Bowling Congress, will be here at 7 p.m. Wednesday to help organize the men's bowling teams for the coming season.

Members of already organized men's teams as well as any individuals interested in bowling or tenpins are urged to be present to hear his discussion of procedures and related matters.

Meanwhile, formation of additional teams is announced by Mrs. Dorothy Yaryan, manager of the center. Joining the list this week are Hancock Bank, Cue Oil Co., 7-Up of Gulfport, the American Legion auxiliary and Lee's Plumbing of Waveland.

Mrs. Yaryan emphasized that, although a good many teams already have been formed, there will still be many hours of open bowling available for those only casually interested.

Harrison Central jumped to an early lead in the first quarter

only one more game but after Wednesday's 12-0 route by New York (we aren't allowed to use nasty words) our humans are still safe and we are doubling the bet that New York will take the series Thursday.

### Series Casualty

Our advice to those needing a haircut is to wait until the World Series is over. Sitting in the chair next to us Tuesday getting her hair trimmed was a very nice lady who sat fairly quietly while the barber argued with a number of male patrons on the outcome of the series. The discussion grew progressively warmer until she literally leaped out of the chair with a shriek clutching her ear. Her only remark to the barber's deep apologies was "all right, take some off the top but leave the ears as is, please."

We saw Mitch and Majorie Mitchell readying their canoe Tuesday afternoon and a check Wednesday morning revealed that they went up Pearl River and caught a beautiful batch of green trout and bream on yellow and white and black and white popping bugs.

Bill Pinson reports that fishing hasn't been too good in the Bayou Caddy area but most of those who went to the marshes came back loaded. August Rauxet and Raoul Telfair got a boat full Saturday and again Monday but had some bad luck Monday when they lost the lower unit of one of their motors coming in.

## Bad Luck Plagues The Rocks

St. Stanislaus lost a hard-luck game to McGill in Mobile 20-0 Saturday although playing one of their best games of the year.

The Rocks displayed strong offensive power, marching about 80 yards on several occasions only to lose the ball when under the shadows of McGill's goal posts.

Lady Luck favored McGill, on one occasion a pass receiver missing the ball but it was deflected to the arms of another who also missed but the elusive pigskin bounced squarely to a third McGill player who held on to it to set up a touchdown.

It was a rough game and lack of Rock-A-Chaw reserve power was apparent but Coach Reuben Ruiz said early this week his boys were in good shape for the homecoming game Sunday afternoon in Stanislaus Stadium with Notre Dame of Biloxi, one of the Coast's custardizing teams.

The following week Stanislaus enjoys a well-earned rest and will prepare for their final three games of the season that would make most prep school coaches head for the woods. Oct. 28 they play Escambia there, one of the top teams in the state of Florida. The following Friday the Rocks entertain Louisiana's No. 1 team, Jesuits, and winds up their schedule with one of the state's top Catholic teams, St. Aloysius.

Indeed and neither team was able to score for the remainder of the game.

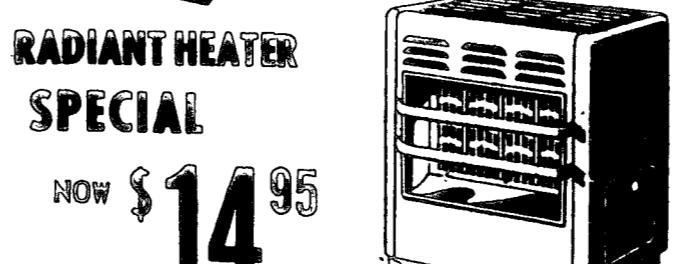

Despite lack of transportation Coach Truman Schultz has been working his boys out every afternoon for the past week and they are showing definite improvement. Friday the Hawks travel to St. Martin for what should be an interesting game, the state champion basketball team having beat St. Martin several times last year. The St. Martin lads will be out for revenge on the gridiron but Schultz says the Hawks have been working hard and expect to make things hot for their traditional rivals.

Nicest thing about the late show on TV is that we can virtually forego it for a good night's sleep without really missing anything, usually.

## Tigers Lead Circuit, March on Poplarville

By High's Tigers were top in the Gulf Coast Conference after their 13-6 homecoming victory over Long Beach Friday night before an overflow crowd.

Both teams had a 2-0 record

and were tied for the lead, the Tigers now being the only undefeated team in the conference.

Tomorrow the Tigers invade Poplarville for what Coach Lance Lumpkin figures to be one of the toughest games of the season and he may be short one of his best men, Glen Blaize, halfback, who was shook up twice during the Long Beach fray and was taken to the hospital. It is a non-conference game.

Many spectators were disappointed when no homecoming ceremonies took place at half-time. The ceremonies were conducted before the game when Queen Perkins and her court, Shirley Davis and Rose Ann Thomas were driven on the field in convertibles and were escorted by team captain-for-the-night Milton Bernard, Jim Mayfield and Woodie Allison.

Bay High outplayed the Bearcats during most of the first half scoring in the first quarter and again in the second but Long Beach came back after the intermission and threatened several times while holding the Tigers scoreless and finally scoring in the last quarter on a 60-yard pass play.

The Tigers scored early in the game after gaining ground on some fine punting by Big Jim Mayfield who got off one for about 45 yards. Glen Blaize went over the center of the line for the first TD but the kick was no good.

The second tally came in the second quarter. Peterson's pass was intercepted by Long Beach but on the next play the Tigers recovered a Bearcat fumble on about the 10 and it was first and goal to go for the Tigers.

A roar from the Bay stands greeted the official's decision when on the next play the Tigers were penalized 15 yards for holding, but Peterson's pass to Blaize on the fumble was good for another first down and goal and Peterson scored on the next play. Peterson's pass to Van Calsem was good for the extra point.

A tremendous goal line stand saved the day for the Tigers early in the fourth period when the Bearcats recovered a fumble and moved the ball to the Tigers' two but the line held and Bay High took over on downs.

**Mrs. Glass Wins Mid-Season Tourney**

Mrs. Powell Glass Jr. posted a net 72 last weekend to win the Mid-Season Medal Play with Handicap tournament at Pass Christian Isles Golf Club with a 36-hole total of 146.

The consolation prize went to Mrs. Dick Tarleton who finished with a high net of 167. Nineteen
